

My Impact Fund Partner Proposal

If you are passionate about a project and are looking for a non-profit partner to help you complete it, MAIF can help you reach your goal.

As a 501c3 non-profit foundation, MAIF can assist you by creating a project page on our website, partnering with you to solicit funds, providing tax receipts to every donor, and managing the funds through the completion of your project.

But first:

- The project must fit our mission - to benefit children in need.
- You must give the first donation or have identified and secured the donor providing the first gift.

Submitting a project for consideration:

It's easy! You can write a simple proposal by answering the following questions:

- 1) **Project Narrative** – give us some information about the project.

What is the project?

Where is it located? _____

Who will it benefit? _____

Why is it needed?

How are **you** connected to the project?

Why is it important **to you** to see this project completed?

2) **Project Champion** –

Please provide the project champion:

Name: _____

Address: _____

Phone Number: _____

Email: _____

EIN Number: _____

3) **Donor Champion** – The Donor Champion can be the same person as Project Champion, but does not have to be.

Please provide the donor champion:

Name: _____

Address: _____

Phone Number: _____

Email: _____

4) **Project Cost** – this is important. Your project may involve repair, construction, purchase of goods or allocation of needed services. We need to know what the project will cost. If it involves vendors, please get quotes from them so we can understand who will help complete the project and what costs are involved.

Estimated Total Cost: _____

5) **Project Start Date** – Is this an immediate need? Is there a timeline? Please provide a start date.

State Date: _____

6) **Project End Date** – Is there a defined expiration date or can we continue to raise funds until we get the total amount needed?

End Date: _____

- 7) **First Donation** – Are you giving the first donation? What is the amount you can commit to this endeavor? If not you, then who is going to make the first commitment, and what is that amount?

Reminder: the initial donation for your project should jumpstart the fundraising process in a significant way. As the initial donor, you want to provide a solid platform for future donations. Please consider 10% of the budgeted final project cost.

First Donor: _____

Amount: \$_____

- 8) **Donor Prospects** – Who would you like to see support this project? Do you already have others in mind that you think should be asked? Please list others that may be interested:

All MAIF checks are made payable to contractors/vendors of each project. If your application meets our initial requirements we will need your contractor/vendor contact information for the vetting process.
